In the Matter of

THE ADOPTION OF A STANDARD )  
METHODOLOGY FOR ESTABLISHING )  
RATES FOR CABLE TELEVISION )  
POLE ATTACHMENTS )

ADMINISTRATIVE  
CASE NO. 251

O R D E R

On August 26, 1981, an Order was issued in Case No. 8040 and Case No. 8090, wherein, among other things, this Commission assumed jurisdiction over the regulation of rates, terms and conditions of regulated utilities providing pole attachment space for cable television services. The regulated utilities providing such service were further ordered to provide tariffs concerning the provision of such service.

Tariffs filed by several of the regulated utilities have indicated proposed rates based on a variety of methods. After considering this matter, and being advised, the Commission is of the opinion and finds that a generic hearing should be held for the purpose of establishing a uniform methodology by which rates should be determined for pole attachment space by cable television services.

IT IS THEREFORE ORDERED that a public hearing in this matter be held on February 2, 1982, at 9:00 a.m., Eastern Standard Time, in the Commission's offices at Frankfort, Kentucky.

IT IS FURTHER ORDERED that all parties desiring to file proposed methodology and/or comments do so via pre-filed testimony to be filed not later than December 15, 1981.

Done at Frankfort, Kentucky, this 28th day of October, 1981.
